Limited Lifetime Warranty

Limited lifetime warranty covers specified Omnecraft products which fail due to a defect in materials or workmanship, as long as the product is used normally and installed properly. This warranty is subject to the terms, conditions and exclusions provided below. This warranty is valid only for the “Original Purchaser” of the Product and may not be transferred. Refer to chart for specific components.

The “Original Purchaser” is the person who first purchased the Product from an authorized retailer or distributor. Original proof of purchase is required.

WARRANTY SUMMARY

Premium Omnicraft parts provide coverage for non-Ford vehicles and come with a warranty that is on par with, or better than, the best of the aftermarket in each category, with the added benefit of labor reimbursement for the first two years and no commercial exceptions. This is a summary of warranty highlights. For more information, the seller will refer the customer to the Ford Warranty and Policy Manual.

Coverage Applications

Omnicraft is the exclusive non-Ford/Lincoln parts brand of aftermarket parts for most makes and models. The following parts may have time/mileage coverage other than what is normally offered under the service part warranty.

IMPORTANT: When a service part is replaced or exchanged under Service Parts Warranty, the replacement part assumes only the remaining, unexpired portion of the warranty of the original replacement part. The warranty period does not start over, nor is it extended with subsequent repairs.

IMPORTANT: Warranty claims for parts listed under Omnicraft Parts must have the appropriate Service Parts Program Code and the Service Installed Parts data entered in the appropriate boxes on the claims and the data must be submitted to the Company via the OWS Claiming System.

Warranty Limitations

- Refer to the Omnicraft Parts Product Summary for specific coverages
- Towing services are NOT covered
- NO labor reimbursement provided for customer-installed parts
- Labor to remove and replace the part up to \$150/claim if installed by Fleet, Wholesaler, or Repair Shop Installer (e.g., Independent Repair Facility/IRF)
- All parts must be returned to the dealer or distributor submitting the claim. Labor to remove and replace the part if installed by a Dealer is covered
- Original receipt and original owner (applies to Limited Lifetime Warranty)

NOTE: No coverage for customer abuse, damage due to modifications or the component installed improperly

Maintenance/Wear Items

Service Part Warranty is applicable to defects only. No coverage is available for concerns resulting from normal wear or maintenance. Examples of covered defects can be found in W&P Section 3 Warranty Coverages under the Category charts.

Examples of **non-warrantable** maintenance conditions:

- Brake Rotors/Drums - Surface rust, scoring/grooves as a result of normal use, resurfacing/replacement associated with brake pad service due to normal wear/maintenance
- Brake Lining - Disc pad/friction material wear
- Spark plugs, oil filters, air filters

IMPORTANT: This is a summary of the warranty highlights. For more information, the seller will refer the customer to the Ford Warranty & Policy Manual.
